Freedom of Information Act 2000: Section 43 43. Commercial interests

- (1) Information is exempt information if it constitutes a trade secret.
- (2) Information is exempt information if its disclosure under this Act would, or would be likely to, prejudice the commercial interests of any person (including the public authority holding it).
- (3) The duty to confirm or deny does not arise if, or to the extent that, compliance with section 1(1)(a) would, or would be likely to, prejudice the interests mentioned in subsection (2).

A public interest test has been undertaken and from the results of that test it is clear that releasing this information would be detrimental to the commercial interest of The Mid Yorkshire Hospitals NHS Trust. As a result the Trust applies the exemption allowed to us under the Freedom of Information Act 2000, Section 43(2) – Commercial Interest as disclosure would/could:

- a) Prejudice any contractor's competitive edge in contract negotiations with NHS Trusts in the future.
- b) Prejudice the Trust's ability to compete in contract negotiations for these services in the future.

Prejudice the position of The Mid Yorkshire Hospitals NHS Trust in maintaining its competitiveness as a Public Authority
